** Books written in foreign languages should either be shelved together in order by classification number or throughout the collection by their proper category. This section is only for items about learning foreign languages.

*** Books on learning English (ESL/ESOL)- but not grammar guides or dictionaries-can also be put into this section if the library feels this is the area where their patrons would be most likely to access them or other materials about their first language as well

**** Some libraries may choose to pull out ESL/ESOL materials and shelve them together as a special collection
